SUMMARY

Recent BS Computer Science graduate from St. Louis College Valenzuela with internship experience building a Flutter app with Firebase and ML Kit. Also worked on web apps using TypeScript and React. Eager to learn and grow in an entry-level AI Application Developer role.

SKILLS

Programming Languages: TypeScript, JavaScript, Dart, Python, PHP, Java, Go

Web & Database Development : HTML5, CSS3, React, Next.js, Node.js, Firebase Cloud Firestore, Real-time Databases, MongoDB, Supabase

Tools & Platforms: Git, GitHub, VS Code, Antigravity

WORK EXPERIENCE

IT Intern (Convergent Recovery & Management Solutions Inc. February 2026 – May 2026)

- Developed Convergent Scanner, a cross-platform mobile and web License Plate Recognition (LPR) application using Flutter and Dart.
- Built a high-speed on-device Auto-Scan camera pipeline using Google ML Kit to execute text recognition loop sequences at 30 fps.
- Designed a secondary cloud-assisted validation pipeline integrating Roboflow API object cropping with Plate Recognizer LPR API backend.
- Developed robust region -aware auto-correction filters and fuzzy database algorithms to instantly mitigate alphanumeric characters ambiguities.

PROJECTS

E-Park Mo (Smart Parking Application)

St. Louis College Valenzuela – Capstone

- Developed a comprehensive smart parking mobile application using Flutter to help users easily find and reserve parking spaces.
- Designed and implemented a real-time updating user interface to ensure high performance and a seamless user experience.

Technologies used: Dart, Flutter, and Firebase Cloud Firestore integrations.

AI Partner: MarqAI

- Built an innovative, responsive web application leveraging Artificial Intelligence.

• Engineered the application utilizing modern TypeScript to ensure type safety, scalability, and robust architecture.

Technologies used: TypeScript, JavaScript.

EDUCATION

Tertiary

ST. LOUIS COLLEGE VALENZUELA

Bachelor of Science in Computer Science (2022 – 2026)

AWARDS & HONORS

Best Software Project – St. Louis College Valenzuela

CERTIFICATIONS

Google AI Essentials Specialization – Coursera | Credential ID: NBTLV779QYDH (2026)
AI Fundamentals – Coursera | Credential ID: MKCEBO3YHSNR (2026)
Start Writing Prompts like a Pro – Coursera | Credential ID: 1277QV6TIIDV (2026)
AI for App Building – Coursera | Credential ID: 7EB8Y35EEB22 (2026)
Foundations of Project Manager – Coursera | Credential ID: OQV8QRMSAT7K (2026)
